

# VISALIA DAIRY COMPANY

## Food Service

Our goal is to meet each customer's unique food service needs while maintaining consistent and reliable bulk-sized products. Our food service products are typically used in the food service sector: schools, restaurants, and cafeterias across the United States.

## Retail Service

Whether it's producing grocery store/supermarket end products for single serving or on-the-go food items that will be sold in the dairy aisle, Visalia's retail service can help fulfill and customize products for all your consumer-facing needs.

## Co-packing

Co-packing allows our customers to determine their specifications by using their own - unique formula, customized packaging, and labeling materials. We are committed to giving our customers flexibility. We co-pack different sizes ranging from 4 gallons to as small as 4 ounces.
