VISALIA DAIRY COMPANY

Food Service

Our goal is to meet each customer's unique food service needs while maintaining consistent and reliable bulk-sized products. Our food service products are typically used in the food service sector: schools, restaurants, and cafeterias across the United States.

Retail Service

Whether it's producing grocery store/supermarket end products for single serving or onthe-go food items that will be sold in the dairy aisle, Visalia's retail service can help fulfill and customize products for all your consumer-facing needs.

Co-packing

Co-packing allows our customers to determine their specifications by using their own unique formula, customized packaging, and labeling materials. We are committed to giving our customers flexibility. We copack different sizes ranging from 4 gallons to as small as 4 ounces.
